Description

Simple And Easy Cleaning Up for every single Home

Take cleaning up to the next level with this effective yet light-weight rechargeable cordless vacuum. Providing a robust 160W motor and approximately 45 minutes of constant runtime, this vacuum is ideal for fast cleans up and deep cleansing alike. Created for all kinds of surface areas consisting of wood floorings, carpets, and even pet hair, it makes daily cleaning up a breeze. Whether you're cleaning after a hectic day or carrying out a more extensive cleansing, this vacuum is up for the job.

Powerful, Yet Light-weight

Bid farewell to heavy, troublesome vacuum. This 160W vacuum supplies outstanding suction power for a deep tidy while preserving a light-weight and easy-to-handle design. Weighing between 3 to 6 kg, it's ideal for all ages to use comfortably, from children to seniors. Its ergonomic design ensures you won't strain your arm or back during extended cleaning sessions. Plus, with a dust cup that's simple to empty, you'll spend less time maintaining your vacuum and more time enjoying a clean home.

Designed for Versatility

This cordless vacuum cleaner is equipped with multiple nozzles, making it perfect for cleaning various surfaces. Use it on your hardwood floors to remove dust, on carpets for a deeper clean, or to pick up stubborn pet hair with ease. The 1-2 operating modes allow you to switch between settings, depending on the type of surface you're cleaning or the intensity of the mess. From everyday dust to more intense dirt and pet hair, this vacuum can handle it all.
