

## 20Kpa Cordless Upright Vacuum, 6-in-1 Stick Vacuum

### Description

## Powerful Cleansing, Uncomplicated Efficiency

The **20Kpa Cordless Upright Vacuum** is the ideal tool for dealing with any mess in your house or automobile. Whether it's dust on your wood flooring, animal hair on your carpet, or crumbs on your upholstery, this ultra-lightweight vacuum uses extraordinary suction power and flexibility to clean up every corner of your home. Including a **6-in-1 style**, it changes easily from a stick vacuum to a portable vacuum, providing you versatility for all your cleansing requires. It's the perfect option for cleaning up thick carpets, difficult floorings, automobile interiors, and even pet beds.

## Secret Functions

- **20Kpa Ultra Powerful Suction:** Get rid of dirt, dust, and animal hair with powerful suction that works on both hard floors and carpets.
- **6-in-1 Versatility:** Switch easily between stick vacuum, handheld vacuum, and other configurations to clean every surface in your home.
- **Long Battery Life:** Enjoy up to **40 minutes of runtime** on a full charge, making it ideal for cleaning large areas without interruption.
- **5-Stage Filtration:** The advanced filtration system captures 99.99% of fine particles and allergens, improving the air quality in your home.
- **LED Headlight Brush:** The built-in LED headlights illuminate dark corners and under-furniture spaces, so you never miss a spot.
- **Ultra Lightweight:** Weighing under 3 kg, this vacuum cleaner is easy to maneuver and carry, making it perfect for quick cleanups and deep cleans alike.
- **Quiet Operation:** At just 65db, this vacuum operates quietly, so you can clean without disturbing others around you.
- **Convenient Storage:** Store it easily with the option for two different storage methods, keeping it accessible yet out of the way.

## Why Choose This Vacuum Cleaner?

Cleaning has never been easier with the **20Kpa Cordless Upright Vacuum Cleaner**. Designed with convenience and performance in mind, this vacuum excels in both power and portability. The **6-in-1 design** allows you to switch between different cleaning modes, from handheld to stick vacuum, making it suitable for cleaning floors, carpets, upholstery, and even your car. With **20Kpa of suction**, it removes dirt, dust, and animal hair with ease, leaving your home spotless.

Thanks to its **5-stage filtration system**, you'll get cleaner air and a more hygienic environment. This vacuum is ideal for homes with pets or people who suffer from allergies, as it captures tiny particles that other vacuums might miss. The **LED headlight** ensures that even the darkest corners are properly cleaned, while the **ultra-lightweight** design makes it easy to maneuver around furniture and carry up stairs.
