Exceptional Features for Superior Comfort

- **Sturdy and Durable Design:** Our chair supports up to 500 pounds, thanks to a 40mm thickened steel pipe frame and upgraded Texlin fabric. Double elastic bands enhance stability and durability for a secure, wobble-free experience.
- **Easy Adjustment and Locking Mechanism:** Effortlessly adjust your recline from 90° to 170° with our third-generation aluminum alloy lock. A deeper groove ensures your chair stays locked in place, offering both safety and the perfect angle for relaxation.
- **Ergonomic Comfort:** Designed with your body in mind, the chair reduces pressure on your shoulders, back, and waist. Full-back support, an adjustable headrest, and a removable footrest allow for maximum relaxation. Plus, an extra eyemask and earplugs ensure a peaceful rest.
- **Enhanced Features:** Enjoy a thicker, softer cushion for additional comfort, and a larger cup holder for your convenience. The cushion is removable for easy cleaning and adaptable for all-season use.
