

28 Inch LED Half-Moon Lash Light with Adjustable Floor Tripod

Description

Illuminate Your Artistry

Experience a new era of lighting with our 28 Inch LED Half-Moon Lash Light, designed to elevate the quality of your beauty, tattoo, and video projects. This light, with its unique half-moon shape and robust floor stand, ensures an unobstructed, shadow-free working environment. Ideal for lash artists, tattoo professionals, and beauty vloggers, it promises to transform your workspace into a hub of creativity and precision.

Product Features

- **Half-Moon Design:** A specialized shape that guarantees zero shadow interference in your work.
- **Advanced LED Technology:** 320 high-quality lamp beads and a 45W power output for bright, consistent lighting.
- **Bi-Color Temperature Control:** Easily adjustable between 3200K and 5600K to suit various lighting needs.
- **High Color Rendering Index (CRI?95):** For vibrant, true-to-life colors, enhancing the quality of your work and presentations.
- **Stable and Flexible Stand:** A heavy base for stability and an adjustable stand for versatility in height and angles.
- **Memory Function Touch Design:** Remembers your preferred settings, reducing setup time for your next session.

Why Choose Our LED Lash Light?

Whether you're a professional in the beauty industry or a content creator, our LED lash light is tailored to meet your needs. The half-moon design ensures a flawless lighting setup, perfect for intricate tasks like eyelash extensions or detailed tattoo art. For video creators and live streamers, the bi-color temperature and high CRI offer impeccable lighting that brings out the true beauty in your subjects.

Plus, with its easy-to-use touch interface and memory function, you can focus more on your art and less on adjusting your equipment.

Ideal Usage Scenarios

Perfect for beauty salons, tattoo studios, and home vlogging setups, this light provides professional-grade illumination for lash applications, skincare treatments, makeup tutorials, and more. Its versatility makes it suitable for both close-up work and broader lighting requirements.

Product Benefits

- Enhances visual clarity and color accuracy in your work.
- Reduces eye strain with adjustable brightness and color temperature.
- Improves the quality of video content and live streams.
- Easy to set up and adjust, saving valuable time.
- Durable and designed for long-term use in professional environments.

Ready to Elevate Your Workspace?

Don't let poor lighting hold back your talent. Upgrade to our 28 Inch LED Half-Moon Lash Light and illuminate your work with precision and style. Order now and take the first step towards a brighter, more colorful future in your professional journey.
