

3MP Wireless Solar & Battery-Powered Security Camera with Two-Way Audio and Smart Detection

Description

Reliable Security for Your Home, Indoors or Outdoors

Stay connected and secure with this 3MP Wireless Solar & Battery-Powered Security Camera. Offering seamless indoor and outdoor protection, this camera is perfect for monitoring your home, keeping an eye on your baby, or securing your backyard. With solar-powered technology and a 180-day battery life, it guarantees continuous surveillance with minimal effort. Easily mounted in various locations, it offers flexibility and reliable performance, even in harsh weather conditions.

Key Features for All-Around Protection

This camera is packed with features that ensure maximum security for your home:

- **3MP High-Definition Video:** Capture crystal-clear images and videos, day or night.
- **Solar & Battery Powered:** Dual power options ensure uninterrupted monitoring without frequent recharges.
- **Two-Way Audio:** Communicate with family members or visitors in real-time, no matter where you are.
- **Smart Detection:** Advanced AI recognizes people, vehicles, and pets, minimizing false alerts.
- **Night Vision & Spotlight:** Color night vision with an infrared spotlight ensures visibility up to 33 ft, even in complete darkness.
- **Sound & Light Alarm:** Deter potential threats with an automatic siren and flashing light upon detection.
- **Secure Local Storage:** No need for subscriptions—store footage locally on a microSD card, FTP server, or Home Hub.
- **Weatherproof Design:** IP65-rated protection against rain, snow, and dust makes it perfect for outdoor use.

Why Choose This Camera?

Unlike other security cameras, this 3MP Wireless Solar & Battery-Powered Camera is designed for effortless, long-lasting performance. With just two charges per year, you'll enjoy continuous security coverage without constant recharging. The multi-camera alarm center allows you to monitor several locations at once, while the weekly summary feature ensures you never miss important events. You can access the camera from anywhere via the mobile app, making it perfect for homes, garages, barns, and more.

Complete Peace of Mind

This camera isn't just about monitoring—it's about providing real security. With its exclusive encryption, smart alerts, and reliable local storage, you can rest easy knowing your data is protected and accessible only to you. It's the perfect solution for homeowners who want an easy-to-use, high-performing security system that's both eco-friendly and affordable.

Take Control of Your Home Security

Enhance your home's safety with this versatile security camera system. Stay connected, stay secure, and monitor every corner of your property with confidence. Whether you're looking for a baby monitor or a full home hub system, this camera has you covered.

- Order now and enjoy peace of mind with 24/7 surveillance.
- Get yours today and experience the convenience of solar-powered security!
