

## 4K Mini Action Video Camera with WiFi, 270° Rotatable Lens & Waterproof Case

### Description

### Capture Every Angle, Anywhere You Go

Experience next-level adventure with this compact yet powerful 4K Mini Action Camera. Designed for thrill-seekers, vloggers, and everyday explorers, this pocket-sized sports camera packs stunning video quality, smart features, and ultimate versatility into a rugged, travel-friendly body. Whether you're biking down a mountain trail, diving underwater, or simply vlogging your day, this camera is ready for it all—rain or shine, land or sea.

Its **270° rotatable lens** lets you capture unique perspectives and perfect angles effortlessly. With crystal-clear 4K video, a wide 170° lens, and seamless WiFi connectivity, you can shoot, view, and share your moments in real-time straight to your phone. The built-in and external microphone options deliver crisp, clear audio, making it ideal for action shots, voice-over videos, and on-the-go content creation.

### What Makes This Camera Special?

Unlike bulky video equipment, this action cam fits in the palm of your hand or slips easily into your pocket. It's **built for the outdoors**, with a durable waterproof case that protects it up to 98 feet deep. From hiking and cycling to snowboarding or snorkeling, it's ready to record your boldest moments with stunning detail.

The 1.3-inch LCD screen makes it easy to review shots on the fly, while the WiFi function allows you to instantly download and manage content via the XDV app. Whether you're recording solo travel vlogs or fast-paced sports action, this camera keeps up—without slowing you down.

### Key Features

- **4K Ultra HD video recording** with multiple resolutions (1080P, 2K, 4K)

- **270° rotatable lens** for flexible, multi-angle shooting
- **170° wide-angle view** to capture more of the scene
- **Compact and lightweight** — fits easily in your pocket
- **Built-in and external microphone support** for high-quality audio
- **WiFi-enabled** for instant sharing and remote control via app
- **Waterproof up to 98 feet** with included case
- Mountable on helmets, bikes, backpacks, or selfie sticks
- Supports micro SD cards up to 64GB (card not included)

## Why You'll Love It

- Perfect for action sports, travel vlogs, underwater exploration, or everyday moments
- Hands-free versatility — attach it anywhere for dynamic footage
- Multilingual interface supports a wide range of users globally
- Long battery life of up to 8 hours (WiFi mode, screen off)
- Fast 2-hour charging keeps you ready for the next adventure

## Take the Shot. Tell Your Story.

Don't just relive your adventures—relive them in stunning 4K. Whether you're chasing sunsets or climbing peaks, this mini action cam is your go-to gear for creating and sharing memories. With unmatched portability, robust features, and easy controls, it's time to take your content to the next level.

**Ready to capture your world in motion?** Add this camera to your gear bag today and start filming life from every angle.
