

4K Ultra HD Smart WiFi6 Projector with Auto Focus and Karaoke System

Description

Experience Ultimate Home Entertainment

Transform your living room into a full-fledged home theater with the 4K Ultra HD Smart WiFi6 Projector. This state-of-the-art projector offers high brightness, impeccable clarity, and a range of smart features that make movie nights, gaming sessions, and karaoke parties truly unforgettable. Its sleek design and advanced technology ensure an immersive viewing experience that will leave you and your guests in awe.

Outstanding Features for Exceptional Performance

Our 4K Ultra HD projector boasts a host of impressive features:

- Supports HDR10+ and HLG with 1.07 million colors for vivid and lifelike visuals
- Auto Focus and Auto Keystone Correction for a consistently sharp and rectangular image
- Supports 4K decoding with U-disk and YouTube video playback
- Home karaoke mode with two microphones included, featuring reverb function for a fun singing experience
- Built-in Android 9.0 system for seamless access to apps and streaming services
- Dual-band WiFi (2.4G/5G) for stable and fast wireless connectivity
- 1430 ANSI lumens and 15000 lumens of ultra-high brightness for clear viewing even in daylight
- Two-way Bluetooth 5.1 for versatile audio options
- Air-purifying dustproof optic engine design for long-lasting performance
- Built-in 15W x 2 speakers with Dolby audio for a true HIFI experience

Why Choose Our 4K Projector?

This projector is perfect for movie lovers, gamers, and karaoke enthusiasts alike. Its advanced karaoke system features a built-in 20W full-range subwoofer and professional audio processor, delivering crisp and powerful sound without the need for external speakers. The projector's high brightness and native 1080p resolution ensure a stunning visual experience, even in well-lit environments. With auto-focus and auto-keystone correction, you can enjoy a sharp and perfectly aligned image every time, without any manual adjustments.

Perfect for Any Occasion

Whether you're hosting a movie night, gaming session, or karaoke party, this projector is your go-to device. Its high brightness and excellent color accuracy make it ideal for both indoor and outdoor use, allowing you to enjoy your favorite content anytime, anywhere. The projector's built-in Android TV system, with 2GB RAM and 16GB ROM, offers a smooth and responsive user experience, giving you access to a wide range of apps and streaming services. Plus, the two-way Bluetooth 5.1 connectivity allows you to use the projector as a Bluetooth speaker or connect it to external audio devices for an enhanced audio experience.

Get Yours Today!

Don't miss out on the ultimate home entertainment experience.
