

4M Adjustable Photography Studio Light Stand with Cantilever & Sandbag

Description

Overview

Elevate your photography and videography with the Pro Flex 4M Adjustable Photography Studio Light Stand – a versatile and robust accessory for professionals and enthusiasts alike. Perfect for a variety of cameras, including video, action, and point-and-shoot, this stand ensures stability and flexibility in any shooting environment.

Key Features

- Extendable up to 4 meters (13.1ft), providing ample height for creative lighting setups.
- Durable aluminum construction for long-lasting use and reliability.
- Compact folded length of 1170mm for easy transportation and storage.
- Includes a 1.8m cantilever frame and a sandbag for enhanced stability.
- Adjustable center shaft and foot tube diameters to accommodate various equipment needs.
- Dual top connections (1/4 screw and 3/8 European standard screw) for universal compatibility.
- 180-degree adjustable handle for precise light positioning.
- Supports a maximum load of 10kg, ideal for a range of photography equipment.

When to Use This Product

Whether you're shooting a professional film, capturing stunning portraits, or creating content for your blog, the Pro Flex 4M Light Stand adapts to your needs. It's especially useful in studio settings where control over lighting is crucial, but also works wonders outdoors, providing sturdy support in diverse conditions.

What Makes It Special?

This light stand isn't just a tool; it's an extension of your creativity. Its retractable cantilever and adjustable height make it perfect for achieving those challenging angles and lighting positions. The included sandbag adds an extra layer of stability, ensuring your setup remains secure, even in breezy conditions.

Product Benefits

- **Enhanced Creativity:** Reach new heights and angles for unique and professional shots.
- **Portability:** Easy to pack and transport, making it ideal for on-site shoots.
- **Versatility:** Suitable for a range of cameras and lighting equipment.
- **Stability:** Robust construction and additional sandbag for secure setups.
- **User-Friendly:** Simple to set up, adjust, and use, regardless of your experience level.

Take Your Photography to the Next Level

Don't let subpar equipment hold back your creative vision. With the Pro Flex 4M Adjustable Photography Studio Light Stand, you're not just buying a product; you're investing in the potential to transform your photography and videography work. Seize the opportunity to capture the world as you see it. Add to cart now and experience the difference!
