

## 70 LED Beads Therapy Helmet for Hair Regrowth and Loss Prevention

### Description

### Discover the Secret to Healthier, Fuller Hair

Introducing our state-of-the-art LED Hair Growth Cap, a breakthrough in the fight against hair loss. Designed for adults struggling with various types of alopecia, including seborrheic alopecia, alopecia areata, and postpartum hair loss, this innovative helmet is your ally in achieving thicker, healthier hair. Its sleek black design and lightweight feel (just 700g) make it a comfortable and stylish solution for hair regrowth.

### Key Features

- **70 LED Lamp Beads:** Harnessing the power of LED light therapy to stimulate hair follicles.
- **Three Adjustable Time Modes:** Customize your treatment to suit your schedule and needs.
- **Cordless Convenience:** No cords or heavy battery packs, ensuring freedom and comfort during use.
- **Portable Power Supply:** Easily powered by a mobile power supply (Type-C socket, 5.0V = 3A).
- **Universal Size:** With dimensions of 22 \* 28 \* 6cm, it's designed to fit most adults comfortably.

### Benefits of the LED Hair Growth Cap

Our LED Hair Growth Cap offers an array of benefits, making it a special addition to your hair care regimen. Its 70 LED beads emit light in the 660nm to 850nm range, known for promoting hair growth and reducing hair loss. The helmet is completely cordless, allowing you to move freely without being tethered to a power source. This ease of use is enhanced by three levels of brightness adjustment, ensuring a comfortable experience tailored to your sensitivity and preference.

### When and How to Use

For best results, we recommend using the LED Hair Growth Cap regularly, as part of your daily hair care routine. It's perfect for use at home, during your leisure time, or even while you're on the go, thanks to its portable design. Whether you're reading, working, or just relaxing, this cap can be seamlessly integrated into your lifestyle.
