

81oz Stainless Steel Cat Water Fountain with Ultra-Quiet Pump & 3 Water Flow Settings

Description

Keep Your Pet Hydrated with the 81oz Stainless Steel Cat Water Fountain

Ensure your pets stay healthy and hydrated with the ****81oz Stainless Steel Cat Water Fountain****, designed for cats, dogs, and even birds. With a large 2.4L capacity, this automatic drinking fountain provides a constant flow of fresh, filtered water, encouraging pets to drink more. Equipped with a low-noise pump and three unique water flow modes, it not only caters to different preferences but also operates quietly to maintain a peaceful home environment. It's perfect for pet owners who want a hassle-free way to keep their furry companions hydrated.

This high-quality fountain is made with a durable, stainless-steel top that is hygienic, dishwasher-safe, and BPA-free. Its advanced filtration system ensures water stays clean and fresh, while the LED indicator and auto power-off function provide added safety and convenience.

Key Features of the 81oz Stainless Steel Cat Water Fountain

- **Large 81oz Capacity** – Perfect for cats, dogs, and other pets, offering plenty of water without constant refills.
- **3 Drinking Modes** – Choose between the flower waterfall, flower bubble, or gentle fountain to suit your pet's preferences.
- **Ultra-Quiet Pump** – Operates at below 40 dB, ensuring minimal noise while your pet drinks, allowing a peaceful home.
- **Stainless Steel Design** – Hygienic, durable, and easy to clean with dishwasher-safe parts.
- **Smart Pump with Auto Shut-Off** – LED light to monitor water levels easily and auto power-off to protect the pump when water runs low.

Why Choose This Cat Water Fountain?

- **Encourages Hydration** – Flowing water naturally entices pets to drink more, helping prevent dehydration and supporting kidney health.
- **Low Maintenance** – The large capacity means fewer refills, and the stainless-steel parts are easy to clean.
- **Quiet and Energy Efficient** – The ultra-quiet, low-consumption pump ensures long-lasting, energy-efficient use without disturbing your household.
- **Customizable Water Flow** – With three flow modes, it's easy to cater to your pet's drinking preferences.

Give Your Pet Fresh, Filtered Water All Day Long

The ****81oz Stainless Steel Cat Water Fountain**** is perfect for everyday use, whether you're home or not. Its intelligent design ensures your pets always have access to fresh, circulating water. The built-in LED indicator helps you monitor water levels at a glance, while the auto-shutoff feature prevents the pump from running dry, ensuring longevity. Whether for cats, dogs, or even birds, this fountain is the best choice to keep your pets hydrated and happy.
