

Adjustable Gel Bead Headache Ice Pack – Hot Cold Therapy

Description

Introducing the Adjustable Gel Bead Headache Ice Pack

Experience the ultimate relief with our Adjustable Gel Bead Headache Ice Pack – your go-to solution for quick and effective pain relief. Whether you're dealing with migraines, tension headaches, or any other head discomfort, this innovative therapy tool is designed to provide comfort and relief like never before.

This migraine ice pack features a unique Two-Sided Design, made with double-sided PVC and a soft plush backing filled with flexible gel beads for the most comfortable experience. The plush side offers soothing cold to prevent frostbite, while the PVC side delivers penetrating cold for optimal effectiveness. Start with the plush side for gentle relief, then flip it over for intensive and long-lasting cold therapy.

- **Effective Pain Relief:** Say goodbye to migraines, tension headaches, sinus pain, and more. Our reusable headache ice pack delivers full relief to the affected areas, providing the cooling sensation you need.
- **Hands-free Application:** The NEWGO cooling headband combines Ice & Compression Therapy with an adjustable strap to ensure the ice pack stays securely in place, allowing for hands-free application and a full range of movement. Get the relief you need while sitting, lying down, or standing.
- **Hot Cold Therapy:** Versatile and easy to use, our gel bead ice pack can be frozen for cold therapy or heated in the microwave for heat therapy. Ideal for muscle aches, neck pain, sprains, swelling, and joint discomfort.
