

Adjustable Height Projector Stand with Tray and 1/4" Screw

Description

Enhance Your Viewing Experience

Elevate your home entertainment or office presentations with our Adjustable Height Projector Stand. Designed for versatility and stability, this stand is a must-have for projector users. Whether it's for a cozy movie night at home or a professional presentation at work, this stand guarantees an optimized viewing experience.

Robust and Reliable Design

Our projector stand is constructed from premium carbon steel, ensuring durability and stability. The anti-shake design and thickened tube can support up to 9 kg, making it suitable for a wide range of projectors. Its stainless coating not only adds to the durability but also integrates seamlessly into any decor.

Versatile Positioning

Tailor your viewing angle with ease. The projector mount features a pivot head allowing a full 360° horizontal rotation and a 90° tilt. This flexibility means you can project upwards onto your ceiling, across the room, or anywhere in-between, ensuring perfect visibility regardless of the setup.

Adjustable for Comfort

Adjustability is key for the perfect projection angle. Our stand can effortlessly change height from 68cm to 128cm, accommodating various viewing preferences. Height-adjustable clamp-style knobs ensure your device is locked securely in place for optimum performance.

Portable and Universal Compatibility

Designed for convenience, this projector stand is easy to set up and transport, making it ideal for any location – be it your living room, study, or bedroom. It's universally compatible, fitting most projectors including popular brands like Nebula, XGIMI, Xiaomi, and many more, thanks to the standard 1/4 inch screw.

Product Features

- Material: High-quality carbon steel
- Load Capacity: 9kg for gooseneck, 12kg for tray
- Height Adjustment: 68cm to 128cm
- Rotation: 360° horizontal, 90° tilt
