

## Baby Training Silicone Spoon and Fork Set with Wooden Handle

### Description

### Perfect First Utensils for Your Little One

Introducing the 2pcs Baby Training Silicone Spoon and Fork Set with Wooden Handle – the ideal choice for your baby's feeding journey. Crafted from high-quality, food-grade silicone, these utensils are designed with your child's safety and comfort in mind. The soft, flexible silicone tips are gentle on gums, making them perfect for babies learning to eat independently. The wooden handles provide a comfortable grip for little hands, encouraging self-feeding skills and making mealtime fun and enjoyable.

### Safe and Durable Materials

Our spoon and fork set is made from 100% food-grade silicone, ensuring it is free from harmful chemicals such as BPA, lead, cadmium, phthalates, PVC, and latex. You can have peace of mind knowing that your baby is using safe and non-toxic utensils. The solid colour pattern design easily matches other tableware, creating a cohesive look for your baby's dining experience.

### Product Features

- 100% food-grade silicone, non-toxic, and free from harmful chemicals
- Soft silicone tips gentle on baby's gums
- Durable wooden handles for easy grip
- Easy to clean – microwave and dishwasher safe
- High-temperature resistant: suitable for -40° to 220°
- Perfect for babies aged 1 to 6 years old

## Why Choose Our Silicone Spoon and Fork Set?

This silicone spoon and fork set is perfect for introducing your baby to self-feeding. The soft silicone material ensures a gentle touch, while the sturdy wooden handle provides a comfortable and secure grip for tiny hands. The utensils are designed to be durable and easy to clean, making them a practical addition to your kitchen. Whether you're at home or on the go, this set is perfect for feeding your little one.

## Best Use Practices

Use this set to help your baby transition from being spoon-fed to self-feeding. The soft silicone tips are ideal for delicate gums and first teeth, while the wooden handles encourage your baby to develop their motor skills. The set is microwave and dishwasher safe, making it convenient for busy parents. Its high-temperature resistance ensures it remains in excellent condition even after repeated use.

## Make Mealtime Special

Transform mealtime into a delightful experience with our Baby Training Silicone Spoon and Fork Set. The solid colour design complements other tableware, creating a beautiful and inviting setting for your baby. Help your child develop essential self-feeding skills with utensils designed for their comfort and safety.
