C750 Bluetooth QR (2D) Barcode Scanner – Wireless Pocket Scanner

Description

Enhance Your Business Efficiency with the NETUM C750 Bluetooth Barcode Scanner

Introducing the NETUM C750, a high-performing yet affordable Bluetooth QR (2D) Barcode Scanner designed to elevate your business operations. Whether you're in the Tobacco, Garment, or Mobile Payment industry, this pocket-sized scanner is a game-changer, offering unparalleled convenience and versatility.

Key Features:

- **Full-Size Performance:** Empowered by the same advanced area-imaging engine as our full-size scanners, the C750 effortlessly scans virtually all barcodes with precision.
- **Mobile Marketing Enabler:** Unlock new possibilities by scanning barcodes off smartphone screens, facilitating mobile coupons, e-tickets, digital wallets, and loyalty cards.
- **Ergonomically Designed:** The contoured and elegant design, oversized scan button, and lightweight construction make scanning a delightful experience.
- **Efficient Wireless Performance:** With Bluetooth® technology, enjoy the freedom to move up to 10 meters (33 feet) away from your host device.

Why Choose the NETUM C750?

The C750 is more than just a barcode scanner; it's a mobile marketing enabler. Designed for seamless integration with iOS, Android, Windows Mobile devices, as well as standard PCs and laptops equipped with Bluetooth, this scanner offers unparalleled flexibility. Its high-performance area-imaging engine ensures reliable scanning of 1D and 2D barcodes, even those that are poor quality, damaged, or low contrast.

Perfectly complementing the sleek design of consumerized devices, the C750 is ideal for various applications, including fixed and mobile point-of-sale, inventory management, backroom/stockroom tasks, in-store customer engagement, and non-retail scanning applications like salesforce automation.

Looks That Impress, Performance That Matters

The C750's contoured design fits perfectly in the palm, providing comfort during prolonged use. Soft-touch plastics, an oversized trigger button with tactile feedback, and a white LED aimer ensure a user-friendly experience. Say goodbye to cumbersome scanning and hello to efficiency with the NETUM C750.

Technical Specifications:

- **Scanning Light Source:** Laser Light
