Child Comfort & Support

When driving with our child booster, your little passenger remains not only secure, but also comfortable: the seat is soft and doesn't sag, the armrests are convenient, and the backrest doesn't put pressure during long periods of sitting.

Snug Installation

Our child booster attaches securely to your car seat and has an ISOFIX / LATCH fastening. The connectors are metal, so the booster won't move while driving, for maximum safety.

FAQs

How do I clean this child booster seat?

Please wipe it with a damp cloth or hand-wash it with warm water and mild soap.

Does the padding inside this booster seat sag?

No, it is made of high-density foam and does not sag.

Does this baby booster seat glide on the leather upholstery?

No, the connector attachment is strong, so this booster stays firmly in place on the road.
