### FAQs

What breeds is this dog car ramp suitable for?

This dog ramp is suitable for all dog breeds weighing up to 250 lbs, be it Corgi or Cane Corso.

Can I use this ramp for dogs for car entry in the rain?

You can safely use our ramp in rainy or snowy weather. Featuring a non-slip surface made from a blend of Oxford fabric and rubber stars, it provides a stable entry point for your pet.

What specific car models is this vehicle ramp for dogs suitable for?

Our car dog ramp is suitable for both trucks and compact sports cars with an entry height of at least 24.8 inches and no higher than 34.2 inches.

Is this car dog ramp suitable for puppies?

Of course it is! However, please be careful and supervise your puppy's entrance until you are confident in their ability to get in on their own.
