

Car Organizer “Magic Box” Large-Capacity & Waterproof

Description

Ultimate storage space
Large compartment with a removable divider, eight side pockets and two front pockets can hold everything you need on the road – from drinks to gadgets. It is suitable for all car models, and you can use it in your front seat, back seat, or even in the trunk. Plus, the lid works as a backseat table!

Level up your car storage game

Sturdy & stable design
Crafted from wear-resistant 600D Oxford fabric and eco-leather, this organizer has solid walls and holds its shape perfectly even if fully loaded. The inner lining is completely waterproof to protect against any leaks.

Smart & compact
Our Magic Box organizer is fully collapsible – you can easily fold it up when not in use to save space. Plus, it fits perfectly between two child seats or two passengers in the back!

Magic Box Car Organizer Description 3
Convenient for on the go
Our portable Magic Box organizer has a wide and durable nylon carrying strap that is easily adjustable and detachable. Perfect for family picnics and outdoor activities, instead of taking a pile of travel bags! Check out the video below

FAQs
How do I clean this car organizer?
Please use a damp cloth, soft brush and mild detergent to remove any stains.
Does the organizer slide on car seats?
No, it has a non-slip bottom layer that prevents sliding.
Are the front pockets suitable for storing fast-food drink cups?
Sure! From glasses to plastic cups, these pockets provide a durable hold (best for containers up to 1

liter though).

Can I store ice inside this car seat organizer?

Yes, but we would recommend using ice packs, as regular ice cubes will sink to the bottom and melt.

Despite the organizer being waterproof, this would render your ice useless.

Is the lid completely detached from the organizer or is it permanently sewn?

The lid can be fully detached with a zipper. You can remove it or use it separately if needed.

Can I use the lid of this organizer as a workspace for my laptop?

Yes, of course you can – the lid is sturdy enough to work as a portable desk or a play table.
