## Secure and Stable Attachment

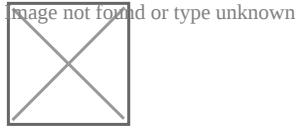

The rubber bottom of our seat protector is anti-slip, while the metal hardware and a sturdy seat anchor hold it securely in place while on the road. With such firm attachment, it provides reliable protection during any ride.

Image not found or type unknown

## Waterproof and Easy to Clean

The eco-leather top and the 600D Oxford lining are waterproof and do not let liquids onto the seat, protecting the upholstery against leaks and stains. This waterproof feature also makes our seat protector very easy to clean with a damp cloth or wet wipes.

## Robust Multi-Layer Construction

This seat protector is made with five high-quality layers – eco-leather on top, two layers of high-density foam, 600D Oxford fabric, and anti-slip rubber on the bottom. All materials are sturdy and long-lasting, providing reliable protection for your car seats.

## See the Installation Guide Below

### Eco-Friendly and Non-Toxic Materials

We crafted this seat protector from vegan eco-leather, using zero animal products. The bottom is made from 100% recyclable rubber, as well as the foam padding. All materials are non-toxic and odor-free. Plus, by using our seat covers, you wash your car less often – so you use less water, chemicals, and energy!

## Color-Safe Design

Our seat protector has a color-safe design, so it doesn't leave any dark stains or paint marks on your vehicle seat upholstery. That makes them safe and perfect for any car interior, from white and beige to solid black.

### FAQs

How do I clean my seat protector?

Please wipe this protector with a damp cloth or hand-wash it with warm water and mild soap.

Is it waterproof or water-resistant?

This seat protector is waterproof.

Can I use this car seat protector for my front seats?

Sure, but make sure the longer hem won't interfere with your driving.
