

## Cold Press Juicer Device with Wide Chute & High Juice Yield, 200W Motor

### Description

### Effortless Juicing, Maximum Nutrition

Start your mornings right with the ultimate tool for fresh, nutrient-packed juices. This Cold Press Juicer Machine is built to make your healthy lifestyle easier and more delicious. With a high-torque 200W motor operating at a low 60 RPM, this juicer ensures every drop is packed with flavor, vitamins, and nutrients. Whether you're juicing crisp apples, leafy greens, or fibrous vegetables, this masticating juicer gives you a higher yield with less foam and more goodness.

Thanks to its 2.6-inch wide feed chute, you'll spend less time prepping ingredients and more time enjoying fresh juice. The powerful juicing system separates pulp from juice efficiently, so what ends up in your cup is smooth, pure, and ready to refresh.
