

Cold Press Juicer with 3-Inch Feed Chute, 200W Slow Masticating Juice Extractor

Description

Experience the Best in Juicing

Unlock the full potential of your fruits and vegetables with our Cold Press Juicer, designed to deliver maximum nutrition and flavor in every glass. With a powerful 200W motor and a slow masticating process at 40-65RPM, this juicer ensures that you get the most out of your produce, preserving vitamins, enzymes, and minerals. The 3-inch wide feed chute allows you to juice whole fruits and vegetables without the need for pre-cutting, saving you time and effort in the kitchen.

Efficient and Convenient

Say goodbye to the hassle of cutting and chopping. Our Cold Press Juicer's 3-inch wide chute can accommodate whole apples, pears, and cucumbers, making juicing faster and more convenient. The high torque motor reduces juicing time and prevents clogging, even with hard or dense produce. Enjoy a seamless juicing experience with minimal interruptions.

Quiet Operation for a Peaceful Kitchen

Juicing shouldn't be noisy. Our juicer features a DC motor that operates quietly, allowing you to enjoy a peaceful morning routine. Whether you're juicing early in the morning or late at night, you won't disturb your household with loud noise.

Durable and Safe Materials

Crafted from BPA-free Tritan material, our juicer is not only durable and stylish but also safe for everyday use. The lightweight design ensures easy handling, while the clarity of the material adds a touch of elegance to your kitchen. Plus, it's incredibly easy to clean, with fewer parts to disassemble, saving you time and effort after each use.
