

Collapsible Shoe and Boot Clothes Dryer with Timer & UV – Dries 2 Pairs, Portable Style

Description

Bid Farewell to Damp Shoes – Quick, Sanitary Drying in your home or On the Go

Don't let damp shoes slow you down. Whether it's snow boots after a winter season trek, drenched tennis shoes from an exercise, or damp socks from unforeseen rain, this collapsible shoe and boot clothes dryer is your supreme service for dry, warm, and fresh shoes—whenever. Created to dry up to 2 sets at the same time, this effective yet compact system utilizes warm air blood circulation, ozone disinfection, and UV light to get rid of wetness, lower smells, and keep your shoes sanitary. Perfect for day-to-day home usage or tossing into your bag for ski journeys and experiences.

With a 180° collapsible style and removable tubes, this clothes dryer quickly adjusts to numerous shoe sizes and types—from leather boots and canvas tennis shoes to gloves and socks. A steady drying temperature level of 104°F to 122°F guarantees safe, even heat without danger of harming your equipment. Set it and forget it with the integrated 3-hour timer and automated shut-off, offering you comfort even while you sleep. Developed from flame-retardant, heat-resistant products, it's made to last and developed for security.

Utilize it after walkings, exercises, rainy commutes, snowy days, or weekend journeys. It's the go-to drying buddy for anybody who values convenience, health, and benefit.
