Key Features

- **Large Capacity:** Enjoy 530ML of your preferred beverages, perfect for personal servings.
- **High-Performance Blades:** Equipped with six ultra-sharp stainless steel blades, blending at an impressive 20000 RPM.
- **USB Rechargeable:** A robust 4000mAh battery powers your portable blending needs, rechargeable via a convenient Type-C port.
- **Safety First Design:** Our blender features a magnetic induction safety system, ensuring safe operation every time.

Unmatched Convenience

The real beauty of our blender lies in its unmatched convenience. Its portable design, complete with an anti-slip lanyard, makes it ideal for a variety of settings. Whether you're whipping up a quick breakfast smoothie, a post-workout shake, or a refreshing juice while camping, this blender has got you covered. With its easy-to-use interface, including a double-click start and an intuitive safety system, you'll be blending in no time.
