

Cooling Hamster Nest Hideaway House

Description

Keep Your Hamster Cool and Comfortable with the Cooling Hideaway House

Provide your hamster with a perfect place to rest, relax, and cool off with the Cooling Hamster Nest Hideaway House. Designed specifically to meet the needs of small pets like hamsters, this hideaway house offers a cozy and refreshing space for your little friend to escape the heat. Featuring a stainless steel cooling plate and an air-conditioned feel, this shelter helps maintain the ideal temperature for hamsters, especially in warmer months. With its multi-purpose design, this nest serves as a cool resting spot, a food storage area, and a comfortable hideout all in one.

Hamsters are highly sensitive to heat as they lack sweat glands, making them vulnerable to heatstroke in temperatures above 28°C. That's why this summer shelter is essential—it naturally dissipates heat and provides lasting coolness without the need for ice cubes. Made from environmentally friendly and durable PP material, the nest is safe for your pet to bite and chew. Plus, it's easy to disassemble and clean, ensuring a hygienic and healthy environment for your furry companion. Available in multiple colors, this adorable nest is both practical and stylish, fitting perfectly into any hamster habitat.

Product Features

- **Cooling Design:** Includes a stainless steel cooling plate that keeps the nest cool, providing a refreshing environment for your hamster.
- **Perfect Size:** Measuring 5.1 x 5.1 x 5.7 inches with an opening diameter of 2.1 inches, the nest is perfectly suited for hamsters and other small pets.
- **Multi-Purpose Functionality:** Acts as a resting space, a food storage granary, and a heat-dissipating shelter, making it a versatile addition to any cage.
- **Safe and Durable Material:** Made from high-quality, non-toxic PP plastic, ensuring safety and durability for your pet to explore and chew.
- **Easy to Clean:** The detachable design allows for easy disassembly and quick cleaning with

water, making maintenance a breeze.

- **Suitable for Multiple Pets:** While ideal for hamsters, this nest is also suitable for other small pets that need a cool, comfy space to rest.

Why Choose the Cooling Hamster Nest?

- **Prevents Heatstroke:** Specially designed to keep hamsters cool in temperatures above 28°C, helping prevent heatstroke and other heat-related health issues.
- **Comfortable and Safe:** The cooling effect and cozy nest provide a perfect balance of comfort and safety for your pet during hot days.
- **Eco-Friendly Design:** Made from strong, environmentally friendly materials that are safe for your pet and built to last.
- **Convenient Maintenance:** The nest's detachable design makes it easy to clean and maintain, ensuring your pet's environment stays fresh and hygienic.
- **Stylish and Functional:** Available in multiple colors, this hideaway house not only looks great but also serves as an essential cooling shelter for your pet.
