Key Features

- Smart Technology: Automatic open cover, flush, and heated seat for an effortless experience.
- Hygienic Design: Equipped with a self-cleaning function and warm air drying for optimal cleanliness.
- Eco-Friendly: Efficient flushing system with a flow rate of 3.0-6.0L, reducing water usage.
- Easy Installation: Floor-mounted setup with all necessary accessories included for hassle-free installation.

Product Benefits

- Enhanced Comfort: Experience luxury with the heated seat and warm air drying features.
- Stylish Aesthetic: The egg-shaped design and white color blend seamlessly into any modern bathroom decor.
- Convenient Usage: Foot flush mechanism for hands-free operation, ensuring hygiene and ease.

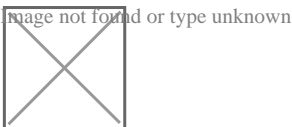

When to Use?

This smart toilet is ideal for anyone seeking to upgrade their bathroom with modern amenities. It's perfect for homes, hotels, and any contemporary space where luxury, comfort, and hygiene are prioritized.

What Makes It Special?

What sets this toilet apart is its combination of advanced features like automatic operation, eco-friendly flushing, and a stylish, ergonomic design. Its smart technology not only elevates the bathroom experience but also promotes water conservation and hygiene.

Make Your Move

Don't miss the chance to redefine your bathroom experience. Elevate your comfort and style with our Deluxe Egg-Shaped Smart Toilet. **Order now** to step into a world of luxury and innovation!
