

Effective 5-Gallon Wet Dry Vacuum with Blower

Description

Handle Any Tinker Power and Accuracy

Tackle even the most difficult clean-ups with this durable Red Edition 5-Gallon Wet Dry Vacuum. Created for both damp and dry use, this high-performance vacuum delivers powerful 4 Peak HP suction to handle everything from dust and dirt to spills and debris. With a sturdy stainless steel tank and a built-in blower function, it's your go-to tool for garages, workshops, basements, and more.

Built to Perform – Anywhere, Anytime

This vacuum is made for convenience and reliability. Whether you're clearing out the garage, detailing your car, or dealing with unexpected leaks, the 5-gallon tank gives you the capacity to get the job done without constant emptying. The stainless steel construction adds durability, while the 360-degree swivel casters make it easy to move across any surface. It's compact, efficient, and ready to roll whenever you are.

What Makes It Stand Out?

Unlike typical vacuums, this damp/dry shop vacuum offers a combination of versatility and strength. A 10-foot power cord and 6-foot hose give you a full 16 feet of cleaning reach, so you're never stuck searching for an outlet. With easy onboard storage for the hose, cord, and accessories, staying organized has never been easier.
