

Effective Corded Handheld Vacuum with 16kPa Suction and Washable Filter

Description

Deep Tidy Facilitated with Powerful Suction

Experience uncomplicated home cleansing with this effective corded portable vacuum, created to provide remarkable efficiency with every pass. Engineered with a robust 600W motor and updated duct system, this vacuum releases an effective 16kPa suction that records dust, particles, and irritants with ease. Whether you're dealing with everyday messes or deep-cleaning difficult corners, this smooth and light-weight vacuum guarantees you do the job rapidly and completely.

Thanks to its wise style and user friendly accessories, cleaning up hard-to-reach locations—like under furnishings, on drape tops, or in tight spaces—is no longer a trouble. With a transparent 0.13-gallon (0.5L) dust cup, you can quickly see when it's time to empty, and the one-click release guarantees fast, sanitary disposal. Plus, all filter parts are washable, making it a more environmentally friendly option for your home.

What Sets This Vacuum Apart

This vacuum is perfect for daily usage, particularly when fast, effective outcomes are required. Its mix of strong suction, simple handling, and flexible accessories makes it best for both regular maintenance and more extensive weekend cleans up.

What makes it unique is its smart style: a freshly updated cyclone suction duct for much deeper cleansing, a multi-stage filtering system that records approximately 99.7% of particles, and a well balanced weight structure that minimizes wrist tiredness throughout usage. Its peaceful operation under 79dB makes it a more comfy choice for home cleansing.

Secret Functions

- **16kPa typhoon suction** powered by a 600W high-performance motor
 - **Five-layer filtering** system with 99.7% effectiveness, consisting of washable filters
 - **0.5L noticeable dust cup** with one-touch release for fast and simple emptying
