- **Color:** White

Unmatched Convenience and Efficiency

This spinning mop is best used in kitchens, bathrooms, and any area that demands a thorough clean. The microfiber fabric head is designed to absorb and trap dirt effectively, ensuring your floors are spotless with minimal effort. The innovative X-shaped mop head covers more ground, while the four-side wringing system allows for easy and efficient water extraction. With its telescopic handle, you can adjust the length to suit your height, reducing strain and making cleaning more comfortable.

What Makes This Mop Special?

Our Effortless Microfiber Spinning Mop stands out with its eco-friendly design and hand-free wash feature. The sturdy steel pole and high-grade plastic components ensure durability and long-lasting use. The mop head's quick absorption rate of less than 10 seconds and the high dehydration rate of up to 100% mean your floors dry faster, leaving no streaks or watermarks.

- **Eco-Friendly:** Made from sustainable materials, reducing your environmental footprint.
- **Hand-Free Wash:** No more touching dirty mop heads; the four-side wringing system takes care of it for you.
- **Adjustable Length:** The telescopic handle adapts to your needs, ensuring a comfortable and ergonomic experience.
- **Quick Drying:** High absorption and dehydration rates mean your floors dry faster and cleaner.
