

Electric Sonic Dental Scaler & Toothbrush with 8 Replaceable Heads

Description

Experience Superior Oral Care with the Electric Sonic Dental Scaler & Toothbrush

Transform your daily oral care routine with the Electric Sonic Dental Scaler & Toothbrush. Combining two essential functions—teeth brushing and dental cleaning—into one innovative device, it delivers a comprehensive solution for maintaining a bright, healthy smile. With five customizable cleaning modes, this sonic scaler and toothbrush effectively removes plaque, tartar, and stains while gently protecting your gums. Whether you're battling stubborn calculus or just need a daily teeth cleaning, this device does it all.

Advanced Sonic Technology for Deep Cleaning

What makes this electric dental scaler special is its intelligent high-frequency vibration, reaching 31,000 times per minute. This ensures a deep clean without damaging the enamel or irritating sensitive gums. It easily tackles oral issues such as yellow or black stains, tartar, and even bad breath. Made with medical-grade stainless steel, the cleaning head works effectively to remove built-up deposits, giving you that fresh-from-the-dentist clean feeling every day.

Why Choose the Electric Sonic Dental Scaler?

- Two-in-one design for teeth brushing and tartar removal.
- Five adjustable modes tailored to both cleaning and brushing needs.
- High-frequency vibrations effectively clean without hurting gums.
- Medical-grade stainless steel head to safely remove stubborn stains and tartar.
- Waterproof design (IPX6 rating) for use in the shower or sink.
- Lightweight and portable – ideal for home or travel use.
