Features That Stand Out

- **RGB Backlit & Front-lighted:** Enjoy double the illumination with both a back and front light, ensuring no angle is left in the shadows. The back light can be set to white, adding versatility to your décor.
- **Dimmable & Multiple Light Modes:** Easily adjust brightness and switch between various light modes with a smart touch switch. The high definition glass offers a clear, distortion-free reflection.
- **Anti-Fog & Memory Function:** The fogless feature ensures clarity even after a hot shower, and the memory function retains your last used setting for convenience.
- **Shatter-Proof & Durable:** Made with 5MM tempered glass, this mirror is designed to be sturdy and safe, resistant to shattering and breakage.
- **Easy Installation:** Choose between plug-in or hardwired installation, with all necessary hardware included for a seamless setup.

Why Choose Our LED Vanity Mirror?

This LED Vanity Mirror stands out for its sleek design, advanced features, and ease of use. Its versatility in light modes makes it ideal for various activities like applying makeup, shaving, or simply admiring your reflection. The RGB backlight adds a contemporary flair to any bathroom, making it not just a mirror but a statement piece. With over 10 years of experience in crafting superior quality mirrors, we assure reliability and durability in every product.
