

## Fine-Tipped Eyeliner Brush for Liquid & Cream Liners

### Description

## Achieve Flawless Precision with the Fine-Tipped Eyeliner Brush

Elevate your eyeliner game with the Fine-Tipped Eyeliner Brush – a makeup essential designed for creating the perfect eye look. Whether you're going for a sleek, thin line or bold wings, this brush is made to deliver ultra-precise strokes. The fine-tipped synthetic fibres allow you to glide liquid and cream eyeliners smoothly and effortlessly. With just one stroke, this eyeliner brush helps you achieve a professional finish that stays sharp all day.

This brush is lightweight and designed with an ergonomic wooden handle that offers full control, allowing you to create defined lines with ease. Crafted with durable synthetic fibres, the brush's tip holds its shape and ensures even product distribution, helping you craft the look you desire without any streaking or smudging. Perfect for beauty enthusiasts and makeup artists alike, it is an ideal tool for daily use or special occasions.

Whether you're perfecting a subtle everyday look or going for dramatic, eye-catching wings, this brush will always give you the precision you need to make your eyes stand out.

### Key Features

- Fine-tipped synthetic fibre for precise, controlled application.
- Perfect for both liquid and cream eyeliner formulas.
- Wooden handle for an ergonomic and comfortable grip.
- Durable fibres ensure the brush holds its shape after multiple uses.
- Length of brush: 17.8 cm; Tip length: 1.0 cm; Tip width: 0.2 cm.
- Easy to clean and maintain.

### Benefits

- Delivers precise and smooth eyeliner application for flawless looks.
- Ideal for creating thin, defined lines or bold, dramatic wings.
- Lightweight and easy to handle, offering perfect control.
- Suitable for both professional makeup artists and beginners.
- Works with both liquid and cream eyeliners for versatile styling options.

## Care Instructions

- Wet the bristles with lukewarm water.
- Place a drop of makeup brush cleaner on the bristles.
- Swirl the brush gently in water and massage the bristles.
- Rinse with clean water and squeeze out excess water carefully.
- Reshape the brush and let it dry upside down.
- Avoid getting the wooden handle wet to ensure its longevity.

## Why This Brush Is Special

What sets this Fine-Tipped Eyeliner Brush apart is its incredible precision and durability. The ultra-fine tip allows for the sharpest, most controlled application of your favorite liquid or cream liners. The synthetic fibres ensure smooth application and durability, holding their shape even after frequent use. The wooden handle offers a balanced, comfortable grip, making it easy to maneuver for both detailed lines and bold looks. Whether you're a beginner or a pro, this brush is the go-to tool for flawless eyeliner every time.
