Step up your eyewear game with the Timberland Men's Polarized Sunglasses. Designed for modern men who value both style and functionality, these sunglasses combine sleek aesthetics with high-performance features. Whether you're driving, enjoying outdoor adventures, or strolling under the sun, these sunglasses provide superior eye protection while keeping you effortlessly stylish.

Premium Design & Quality Materials

Crafted from high-quality metal, these sunglasses are built for durability and long-lasting wear. The sophisticated gray frame gives them a contemporary look that pairs well with any outfit, from casual to formal. The smoky gray lenses not only add a touch of mystery but also enhance visibility in bright conditions.

Polarized Lenses for Superior Vision

Say goodbye to glare and eye strain. The polarized lenses of the Timberland TB9286 sunglasses reduce reflections and improve clarity, making them ideal for outdoor activities like driving, hiking, and beach trips. Experience crisp, distortion-free vision while protecting your eyes from harmful UV rays.

Why Choose Timberland Men's Polarized Sunglasses?

- **Polarized Lenses:** Reduce glare and enhance visual comfort, perfect for bright environments.
- **Durable Metal Frame:** Designed to withstand everyday wear and outdoor adventures.
- **Stylish Gray Finish:** A versatile, modern color that complements any wardrobe.

- **Comfortable Fit:** With a lens width of 2.32 inches, a bridge width of 0.47 inches, and temple length of 5.51 inches, these sunglasses offer a secure and comfortable fit.
- **UV Protection:** Shields your eyes from harmful UVA and UVB rays, keeping them safe from sun damage.
