

Height Adjustable AV Cart with Power Strip & Cable Management

Description

Item Description

Stay arranged and effective with this **Height Adjustable AV Cart** developed to fulfill all your media storage requires. Perfect for homes, workplaces, class, or meeting room, this flexible cart uses durable assistance, sufficient storage, and practical power choices. Whether you require to save projectors, computer systems, or other gadgets, this cart is constructed to manage all of it with ease.

Built from long lasting, cold-rolled steel, this media cart includes adjustable racks that can be tailored in between 24-42 inches in height, enabling you to develop the best setup for your devices. Its 150 pounds weight capability guarantees it can support even your heaviest products, making it a fantastic option for a range of expert and individual areas. In addition, an integrated power strip with USB connections keeps your gadgets charged and all set to utilize, making this cart an important tool for your daily requirements.

Item Functions

- **150 pounds Weight Capability:** Built from high-strength steel, this cart is constructed to bring heavy loads like computer systems, projectors, and more, guaranteeing you have a steady and trusted platform.
- **Height Adjustable Shelves:** The cart features predrilled holes that allow you to adjust the shelves from 24 to 42 inches in height, providing flexibility for various items and workspaces.
- **Built-in Power Strip:** A power strip with three outlets and USB connections is attached to the cart, allowing you to charge multiple devices at once, keeping everything powered and organized.
- **Cold Rolled Steel Construction:** Made from cold-rolled steel, this AV cart offers superior stability and strength, ensuring it can handle heavy equipment without bending or breaking.
- **Easy Mobility:** Equipped with four swivel casters and two brakes, this cart offers smooth mobility and stability, allowing you to move it effortlessly and securely lock it in place when needed.

- **Versatile Use:** Ideal for a wide range of applications, this AV cart is perfect for the office, conference room, classroom, kitchen, or warehouse. It can hold everything from projectors to microwave ovens with ease.

Why Choose This AV Cart?

This **Height Adjustable AV Cart** is more than just a mobile storage solution. It combines practicality with durability, giving you the flexibility to adjust the height of the shelves to accommodate your needs. Whether you're using it for work, presentations, or everyday tasks, this cart can handle heavy-duty storage while ensuring your devices remain organized and powered. The built-in power strip makes it perfect for environments where multiple devices need to be plugged in, keeping cords tidy and ensuring you never run out of charging options.

The cold-rolled steel construction and powder-coated finish ensure that this cart remains a trusted part of your setup for years to come. Its ease of mobility means you can effortlessly move it from room to room, making it ideal for busy environments like offices, classrooms, and workshops. Whether you're looking to enhance your workspace or improve your media setup, this cart offers the storage, power, and durability you need to stay productive and organized.

Ready to improve your space? Get the **Height Adjustable AV Cart** today and experience the convenience and versatility it brings to your workspace. With its sturdy construction, adjustable racks, and built-in power options, it's the perfect addition to any setting where organization and movement are crucial!
