

Indoor Hydroponic Garden System

Description

Grow Fresh Herbs & Veggies Year-Round

Delight in homegrown herbs, veggies, and flowers no matter the season with this innovative Indoor Hydroponic Garden System. Including 12 growing pods, energy-efficient LED grow lights, and an adjustable height of approximately 10.8 inches, this system develops the ideal environment for plants to prosper inside your home. Whether you desire fresh basil for cooking, crisp lettuce for salads, or lively flowers to brighten your area, this hydroponic garden makes it simple and simple and easy.

Faster, Healthier Plant Growth

Designed with cutting-edge **full-spectrum SMD LED technology**, this system delivers 30% more luminous flux than traditional grow lights, maximizing photosynthesis and accelerating plant growth by up to 5 times. Even in winter or low-light conditions, your plants will receive the ideal amount of light, ensuring fast germination and lush, healthy growth.

Self-Watering System for Hassle-Free Gardening

The **built-in water circulation system** mimics nature by automatically cycling water, keeping it fresh and oxygen-rich for optimal root health. The **4L ultra-large water tank** provides up to 18 days of self-sufficient growth with just one watering, allowing you to enjoy thriving plants without constant maintenance.

Customizable Height & Versatile Growing Options

With an **adjustable height of up to 10.8 inches**, this indoor garden adapts to your plant's growth stages, providing ample space for taller herbs and greens. From crisp lettuce and juicy tomatoes to

aromatic basil and fragrant flowers, grow anything you love—even in the dead of winter or in small apartments.

Why Choose This Hydroponic Garden System?

- **12-Pod Growing Capacity:** Grow multiple herbs, vegetables, or flowers at once.
- **Full-Spectrum LED Grow Lights:** Promotes faster and healthier plant growth.
- **Quiet Water Circulation Pump:** Ensures fresh, oxygenated water for plant roots.
- **Low-Maintenance Self-Watering System:** Provides up to 18 days of worry-free watering.
- **Adjustable Height:** Expands up to 10.8 inches to accommodate different plant sizes.
- **Perfect for Any Space:** Ideal for kitchens, apartments, offices, or anywhere indoors.
