

Kinscoter 6000mAh Portable Neck/Waist Fan USB Rechargeable Mini Cooling Fan

Description

Stay Cool Anywhere You Go with the Kinscoter 6000mAh Portable Neck/Waist Fan

Step into the world of ultimate comfort and refreshment with the Kinscoter 6000mAh Portable Neck/Waist Fan, designed to give you a hands-free cooling solution wherever you are. Whether you're hiking, camping, or simply out for a stroll on a hot day, this USB rechargeable fan ensures that you stay cool for hours on end. Its convenient hanging design, powerful airflow, and power bank functionality make it the perfect companion for all your outdoor adventures.

Key Features

- **Long-Lasting Battery:** Powered by a robust 6000mAh battery, it offers up to 23 hours of cooling on the first gear, 12 hours on the second gear, and 7 hours on the third gear.
- **Three Wind Speeds:** Choose between three different fan speeds to match your cooling needs perfectly.
- **Power Bank Functionality:** Keep your devices charged while on the go with the built-in power bank feature.
- **Quick Charging:** Fully recharge the fan in approximately 4 hours with the included USB Type-C charging cable.
- **Compact and Portable:** Its mini size (9*5.1*11.7cm) and lightweight design make it easy to carry around your neck or waist.
- **Easy Operation:** Comes with a clear user's manual to help you navigate the fan's functions effortlessly.
- **Remaining Power Display:** Monitor your battery status with the convenient indicator light.

Why Choose the Kinscoter 6000mAh Portable Neck/Waist Fan?

- **Versatile Usage:** Perfect for outdoor activities like hiking, camping, climbing, and sports.
- **Hands-Free Convenience:** Wear it comfortably around your neck or waist, and enjoy uninterrupted cooling.
- **Certified Quality:** CE, RoHS, FCC, KC, and MSDS certifications ensure reliable and safe performance.
- **Warranty Protection:** Receive a replacement or refund if your fan has any issues, providing peace of mind.
