

## LED Bike Light Set with Front and Rear Lights

### Description

## Illuminate Your Ride with Confidence

Introducing the ultimate LED Bike Light Set, designed to keep you safe and visible on every ride. This essential cycling accessory features both a powerful front headlight and a reliable rear taillight, providing comprehensive lighting to ensure you're seen by others, day or night. Whether you're commuting through the city or enjoying a late-night adventure on the trails, this bike light set is your perfect companion.

## Powerful Performance You Can Count On

The front light delivers an impressive 130 lumens, bright enough to illuminate your path and alert others to your presence. The rear light shines with a robust 50 lumens, effectively signaling your location to approaching vehicles and cyclists. Both lights feature multiple dimming options, allowing you to adjust the brightness based on your surroundings and conserve battery life when needed. With a durable ABS shell and COB lamp beads, these lights are built to withstand the rigors of outdoor cycling.
