Elevate your creative experience with this Magnetic Wireless Charging Stylus Pen designed exclusively for iPad models. Whether you're an artist, note-taker, or just looking for a seamless, paper-like writing experience, this stylus delivers the tools you need to express your creativity effortlessly. With palm rejection, tilt sensitivity, and wireless charging, this stylus is perfect for anyone who values precision and convenience. Snap it magnetically to your iPad for easy storage and instant charging—no more tangled cables or hassle.

Key Features

- **Magnetic Wireless Charging** – Simply snap it onto your iPad, and it begins charging instantly, just like the original stylus. No cables, no fuss.
- **Palm Rejection Technology** – Rest your hand comfortably on the screen while you write or draw without any accidental touches interfering.
- **Tilt Control** – Achieve varying stroke thickness and control simply by adjusting the angle of the pen, perfect for drawing, sketching, and annotating.
- **Customizable Shortcuts with App Integration** – Connect via Bluetooth to access 14 different customizable shortcuts, from screenshots to quick volume adjustments.
- **Highly Sensitive with No Delay** – Experience real-time responsiveness for precise sketching, drawing, and note-taking.
- **Detachable and Replaceable Pen Tips** – Effortlessly swap out worn tips for continued smooth performance without replacing the whole pen.
- **Long Battery Life** – 10 hours of continuous use on a single charge and up to 12 months on standby, thanks to its low-power consumption design.

Unmatched Performance for Creative Professionals

This stylus is designed for iPad users who crave precision, flexibility, and convenience. Whether you're creating detailed illustrations or simply jotting down quick notes, this pen adapts to your needs with its tilt control feature, allowing you to vary line thickness just by adjusting the angle. Its palm rejection technology ensures you can rest your hand naturally on the screen without any disruptions.

Why Choose This Stylus?

- Perfect for Drawing and Note-Taking – Designed to mimic the natural feel of pen on paper.
