

## Mini Air Humidifier with Scent Diffuser & Color Lights – 180ML USB Portable

### Description

## Bring Convenience, Design & Peacefulness Anyplace You Go

Change the air around you with the captivating and compact Mini Air Humidifier with Scent Diffuser & Color Lights. With a wonderful animation bunny style and soft color-changing LED lights, this 180ML humidifier is more than simply a useful device – it's an instantaneous state of mind booster for your home, cars and truck, or workplace.

Created for everyday usage, this ultrasonic humidifier carefully launches a cool mist that includes wetness to the air, helping in reducing dryness and inflammation to your skin, throat, and sinuses. Whether you're loosening up in your bed room, operating at your desk, or driving on a long commute, this small humidifier keeps the environment around you fresh, gently aromatic, and calming.

## Why You'll Love It

- **Multi-functional:** Functions as both a humidifier and fragrance diffuser – include a couple of drops of your preferred important oils for an individualized spa-like experience.
- **Whisper-quiet operation:** With sound levels under 36dB, it runs silently, making it perfect for bed rooms, nurseries, or offices.
- **Compact & Portable:** The sleek, lightweight design and USB power connection make it perfect for travel or small spaces.
- **Auto shut-off:** Built-in water-shortage protection ensures safe operation by powering off when the water runs low.
- **Soft ambient lighting:** Rotating color lights add a cozy, calming glow to your environment.

## Product Features at a Glance

With a water capacity of 6.1 fl oz and a mist output of 1 fl oz per hour, this ultrasonic humidifier

efficiently covers areas of up to 215 sq ft. The touch control and timing function allow for easy operation, and the single mist outlet creates a consistent stream of cool mist. Powered via USB (5V, 2W), it's safe and energy-efficient. And because it uses no harsh chemicals, it's a healthier choice for everyday aromatherapy.

## Perfect For Any Setting

This mini humidifier is perfect for bed rooms, dorm rooms, cars, and workstations. It's best used when you want to improve air quality in dry environments or enhance your space with relaxing scents and gentle lighting. Whether it's a thoughtful gift or a treat for yourself, this adorable and functional humidifier adds charm and comfort wherever it goes.

## Enhance Your Everyday Atmosphere

Don't settle for dry air and bland areas. Add a touch of magic to your daily routine with this cute and relaxing small humidifier. **Click "Add to Cart" now** and create your own little haven of convenience and relaxation – anytime, anywhere.
