

Mini Portable Stroller Fan

Description

Stay Cool on the Go with the Mini Portable Stroller Fan

Keep your little one comfortable and cool wherever you go with the Mini Portable Stroller Fan. Designed with safety, versatility, and convenience in mind, this rechargeable fan offers the perfect cooling solution for strollers, car seats, baby cribs, and travel. The 3-speed settings allow you to customize airflow, while the 360° rotating design ensures that cool air is always directed where it's needed most. With a compact and durable design, this fan is the perfect companion for busy parents and adventurers alike.

Safety-First Design for Babies

The Mini Portable Stroller Fan is built with your baby's safety in mind. The fan cover features a narrow 5.5mm gap, preventing little fingers from getting inside while still providing strong airflow. Made from food-grade silicone, the tripod is durable and safe, allowing you to secure the fan to various surfaces without worry. Whether used in the crib or during a walk, this fan is designed to keep your child cool without compromising their safety.

Key Features

- **3 Adjustable Speeds:** Choose between three fan speeds to deliver the perfect amount of airflow, tailored to your needs.
- **360° Rotating Design:** Enjoy 360° horizontal rotation and 210° vertical rotation to direct cool air wherever you need it most.
- **Rechargeable & Portable:** Equipped with a 2000mAh battery, this fan lasts up to 10 hours on a single charge and can be used while charging via USB.
- **Quiet and Powerful:** The brushless motor ensures powerful cooling with minimal noise, making

it ideal for naps or quiet environments.

- **Flexible Tripod Mount:** Easily attach the fan to strollers, car seats, cribs, or even your desk with the flexible, durable tripod legs.
- **Safe for Babies:** Designed with a protective cover and food-grade materials, this fan is safe for use around young children.

Perfect for Travel and Everyday Use

This portable fan is the ideal companion for both daily outings and longer trips. Its compact size and rechargeable battery make it easy to pack in your travel bag or attach to your stroller for on-the-go cooling. Whether you're taking a walk in the park, going on a road trip, or setting up your baby's crib for nap time, this versatile fan provides the comfort and airflow you need to keep your child cool and comfortable.

What Makes This Fan Special?

The Mini Portable Stroller Fan stands out with its blend of safety, functionality, and portability. The flexible tripod mount allows it to be attached almost anywhere, and its quiet yet powerful performance makes it perfect for everyday use without disturbing your little one's sleep. With its long-lasting rechargeable battery, you'll always have cooling comfort at hand—whether you're indoors or outdoors.
