

## N7S/N7P Cordless Vacuum, 20kPa Suction, Lightweight & Quiet for Animal Hair

### Description

## Simple And Easy Cleaning Up for each Surface Area

The N7S/N7P Cordless Vacuum is your ideal buddy for keeping a clean home. Whether you're dealing with persistent animal hair, dust, or particles, this high-performance vacuum makes cleaning effortless with its powerful 20kPa suction. Suitable for various floor types, including hardwood, carpets, tiles, and marble, this vacuum excels in both deep cleaning and daily maintenance. Its sleek, cordless design offers the freedom to move around with ease, making your cleaning routine quicker and more efficient.

### Key Features

- **Powerful 20kPa Suction:** With impressive suction power, this vacuum cleaner ensures effective removal of dirt and particles, even from the most stubborn pet hair.
- **Cordless Convenience:** Enjoy the freedom of a cordless vacuum, allowing you to clean your home without the hassle of tangled cords. It provides up to 45 minutes of continuous operation in standard mode, giving you ample time to cover your whole space.
- **LED Front Light:** The integrated LED light illuminates dark areas, making it easier to spot hidden dirt under furniture or in corners.
- **Large 1.2L Dustbin:** Clean more without interruption with the spacious dustbin that can hold more particles, reducing the need for frequent emptying.
- **Multiple Attachments:** The vacuum comes with a motorized floor brush for deep cleansing, a crevice tool for tight spaces, and a 2-in-1 upholstery brush for fabrics, ensuring versatile cleaning across all surfaces.
- **Easy Empty Dustbin:** The dustbin is simple to empty with the press of a button, keeping your hands clean and your home hygienic.
- **HEPA Filtration:** Capture tiny particles with the built-in HEPA filter, improving air quality while you clean and providing a healthier environment for your family.

## Why Choose the N7S/N7P Cordless Vacuum Cleaner?

Designed for ultimate convenience, the N7S/N7P Cordless Vacuum Cleaner makes everyday cleaning a breeze. Its 20kPa suction power effortlessly picks up dirt and pet hair from a variety of surfaces, ensuring no mess is left behind. The lightweight and cordless design makes it perfect for quick clean-ups and large jobs alike, and the 45-minute runtime ensures you can clean your entire home on a single charge.

Not only is it effective, but the vacuum is also designed to be user-friendly. With easy-to-use attachments and the large 1.2L dustbin, cleaning has never been easier or more efficient. The built-in LED light makes it simple to reach those hard-to-see areas, while the HEPA filter guarantees a cleaner, healthier home. Whether you have pets, kids, or just need a reliable cleaning solution, this vacuum provides it all.

Experience the future of cleaning with the N7S/N7P Cordless Vacuum Cleaner—effective, flexible, and easy to use. Make it your go-to solution for a cleaner, much healthier home!
