

## Outside Stair Railing – Adjustable Hand Rails for 1-5 Actions, Heavy-Duty Wrought Iron

### Description

### Secure & Stylish Assistance for Your Outside Actions

Improve security and beauty with this **adjustable outside stair railing**, created to supply a steady and elegant handhold for 1 to 5 steps. Whether for your home, garden, porch, or business, this wrought iron handrail offers exceptional durability, weather resistance, and effortless installation. With its sleek black finish and ergonomic design, it blends seamlessly with any exterior while ensuring a secure grip in all weather conditions.

### Durable Wrought Iron Construction

Built for long-term use, this **heavy-duty wrought iron handrail** features a solid metal frame and a reinforced welding structure. It can support up to **661 lbs**, making it an ideal choice for families, elderly individuals, and anyone needing extra stability on stairs. The powder-coated finish protects against rust and corrosion, ensuring reliable performance through rain, snow, and sun.

### Adjustable & Versatile Design

Designed for flexibility, this stair railing accommodates **1 to 5 steps** and features an adjustable angle of **0-50°** to fit various stair configurations. Whether installed on concrete, brick, or wood steps, it provides a sturdy and secure grip for better balance and safety.

### Effortless Installation

This exterior stair handrail comes with all necessary installation hardware, including **10 screws, 10 expansion anchors, and a drill bit**. The simple design allows for quick and hassle-free assembly, so you can enhance your outdoor space with minimal effort.

## Modern & Low-Maintenance Design

With its **sleek black powder-coated finish**, this handrail adds a touch of elegance to any entryway. The smooth surface ensures a comfortable grip while being easy to clean and maintain. Whether for residential or commercial use, it delivers both function and aesthetic appeal.

## Perfect for Various Applications

- **Home & Garden** – Ideal for porch steps, patios, and backyard entrances.
- **Commercial Buildings** – Great for hotels, office entrances, and storefronts.
- **Garage & Workshop** – Provides extra support in industrial or workspace settings.
- **Safety & Accessibility** – Essential for seniors and individuals needing additional balance.

## Why Choose This Outdoor Stair Railing?

- **Adjustable for 1-5 Steps** – Fits various stair sizes with a customizable angle.
- **Heavy-Duty Wrought Iron** – Durable and supports up to 661 lbs.
- **Weather-Resistant Coating** – Rustproof and built to last.
- **Easy Installation** – Includes all mounting hardware.
- **Sleek, Modern Look** – Blends beautifully with any outdoor setting.
- **Versatile Mounting** – Works on concrete, brick, or wooden steps.

## Add Stability & Style to Your Outdoor Steps

Ensure safety and elegance with this **adjustable outdoor stair railing**. Designed for durability and ease of installation, it's the perfect addition to your home, garden, or commercial space. Upgrade your steps today with this reliable and elegant hand rails!
