Key Features

- 600W Continuous Pure Sine Wave AC Output, peaking at 1000W for high-powered devices.
- Three charging options: Solar Panel, Car Charger, and Wall Adapter, ensuring flexibility in power replenishment.
- Diverse output ports including USB Quick Charge 3.0, USB-A, and a 60W PD Type-C for rapid device charging.
- Advanced safety features like Voltage Stabilization and Intelligent Temperature Control to protect your devices and the unit.

When and Where to Use

Perfect for outdoor enthusiasts, this generator is your go-to power source for camping, RV trips, and outdoor gatherings. In emergencies, it provides a dependable power supply during power outages, keeping your essential devices running smoothly. Its compact design makes it ideal for storage in your car, ready to jump-start your engine or power up your camping gear.
