

Portable Waterproof Oral Irrigator – Rechargeable Water Flosser

Description

Effortless Oral Care, Anytime, Anywhere

Say goodbye to traditional flossing with the Portable Waterproof Oral Irrigator, a powerful dental water flosser designed to elevate your oral care routine. With a detachable 300ml water tank, high-pressure water pulse technology, and 4 adjustable cleaning modes, this cordless, rechargeable flosser reaches deep between your teeth and gums for a superior clean. Perfect for home use or on the go, its compact, lightweight design and included storage bag make it ideal for travel, camping, and everyday use.

Unlike ordinary toothbrushes, this water flosser uses up to 1800 high-pressure water pulses per minute, removing 99.99% of food debris and plaque that traditional methods miss. Whether you have braces, dental implants, or sensitive gums, this innovative oral irrigator delivers personalized care for every need, with 4 cleaning modes to choose from, including a customizable DIY mode. A built-in 2000mAh battery ensures up to 21 days of use on a single charge, so you can maintain optimal oral hygiene with ease, no matter where life takes you.

Key Features

- **300ml Detachable Water Tank:** Provides ample water for uninterrupted cleaning sessions, with a full-opening design for easy cleaning and maintenance.
- **Powerful Cleaning Action:** Delivers 1800 water pulses per minute to remove 99.99% of plaque and food debris, reaching areas that brushing can't.
- **4 Cleaning Modes:** Choose from Normal, Soft, Pulse, and DIY modes to match your oral care needs, with a convenient memory function for easy operation.
- **360° Rotating Nozzle:** Includes 4 interchangeable jet tips for versatile use, perfect for cleaning braces, periodontal pockets, and more.
- **USB Rechargeable Battery:** Lasts up to 21 days on a single charge, with a full charge achieved in just 4 hours.

- **Portable & Waterproof:** IPX7 waterproof rating ensures safe use in the shower, and the lightweight design makes it perfect for travel.

Benefits of Using the Portable Waterproof Oral Irrigator

- Deep, thorough cleaning that reaches hard-to-access areas between teeth and along the gum line.
- Helps improve gum health by removing harmful plaque and bacteria.
- Ideal for individuals with braces, implants, or sensitive gums.
- Customizable water pressure ensures comfort for every user.
- Portable design allows you to maintain oral hygiene on the go, perfect for busy lifestyles.

Take Control of Your Oral Health Today

Upgrade your dental routine with the Portable Waterproof Oral Irrigator and experience the difference that professional-level water flossing can make. With its advanced features and portable design, this flosser ensures you can enjoy a cleaner, healthier smile wherever you are. Take the next step in your oral care journey and make your teeth shine with this easy-to-use, powerful dental tool.
