Key Features

- **Fast Heating:** With a powerful PTC heating element, this curling iron heats up to 430°F (230°C) in just minutes, so you can style your hair quickly and efficiently.
- **Tourmaline Ceramic Coating:** The high-quality coating ensures even heat distribution, reducing damage while giving your curls a shiny, frizz-free finish.
- **Four Temperature Settings:** Choose from 160°C (320°F), 180°C (355°F), 200°C (390°F), or 220°C (430°F) to suit your hair type and styling needs.
- **Anti-Scalding Design:** The insulated tip and protective glove ensure your hands stay safe while you create beautiful curls.
- **Universal Voltage:** With dual voltage compatibility (100-240V), you can take this curling iron with you wherever you go—perfect for traveling!
- **Automatic Shut-Off:** For peace of mind, the curling iron automatically turns off after one hour of inactivity.

Benefits of the Tourmaline Ceramic Curling Iron

- **Quick Styling:** The fast heat-up time means less waiting and more styling, perfect for busy mornings or last-minute plans.
- **Long-Lasting Results:** Enjoy curls that hold their shape all day, giving you confidence in your look.

- **Sleek Design:** The elegant rose gold finish not only looks great but feels luxurious in your hand.
- **Safe and Easy to Use:** With the included heat-resistant glove and anti-scalding features, you can style without worry.
- **Durable Performance:** Built to last, with a service life of 20,000-50,000 uses, making it a smart investment for your hair care arsenal.
