Description

Protect Your Child with Silicone Corner Edge Protectors

Keep your little ones safe from sharp edges and corners in your home with these Silicone Corner Edge Protectors. Made from soft, non-toxic, and fireproof silicone material, these protectors are designed to prevent painful bumps and injuries that can occur from accidents around tables, cabinets, and other furniture. Their transparent frosted design blends seamlessly into your home, providing safety without compromising style. Available in packs of 5, 10, or 20, these versatile protectors are easy to install and work on various surfaces including wood, ceramic tile, marble, glass, and metal.

These corner protectors are a must-have for parents with active children who are always on the move. Whether your child is crawling, learning to walk, or simply exploring their surroundings, these guards provide peace of mind, ensuring that your home is a safe environment. With a compact size of 1.2 inches (3 cm), they offer maximum protection while remaining unobtrusive.

Why Choose Our Silicone Corner Edge Protectors?

What makes these protectors stand out is their combination of safety and convenience. Crafted from eco-friendly silicone, they're safe for your child and the environment. Plus, they're fireproof, adding an extra layer of security. Their flexible design ensures they can easily be fitted onto any sharp corner, making them a practical and durable solution for childproofing your home.
