

Smart WiFi Keyless Entry Door Lock with Touchscreen Keypad

Description

Unlock Convenience and Security with the Smart WiFi Door Lock

Say goodbye to traditional keys and step into the future with the Smart WiFi Keyless Entry Door Lock. This sleek, high-tech lock offers a secure and convenient way to control your home access, whether you're at home or miles away. Equipped with a touchscreen keypad and app control, you can unlock your door with a simple touch or even through your smartphone. With its durable IP54 waterproof rating, this smart lock is designed to withstand various weather conditions, ensuring the safety of your home in rain or shine.

Multiple Unlock Options for Ultimate Flexibility

This smart lock gives you multiple ways to unlock your door, allowing you to choose what's most convenient for you and your family. Whether you prefer using a traditional key, a customizable password, or the app on your smartphone, you have complete control. It also integrates seamlessly with Google Home and Alexa, so you can unlock your door with a simple voice command.

- Touchscreen keypad, mechanical key, or app control options
- Compatible with Google Home and Alexa for voice control
- Create up to 10 unique user codes for family or guests

Why Choose the Smart WiFi Lock?

The Smart WiFi Lock isn't just about convenience—it's about peace of mind. It offers several advanced security features to ensure your home stays protected. You can set up custom and temporary passwords for service providers or guests, and receive low battery alerts so you're never locked out. Plus, the security alarm status report keeps you informed about any suspicious activity, giving you full

control over your home's security.

- Low battery alert system ensures you're never caught off guard
- Waterproof grade IP54 protects the lock in any weather
- Security alarm status report keeps you informed

Smart, Secure, and Easy to Install

Installation is a breeze, with easy-to-follow instructions provided, so you can get your new smart lock set up in no time. Whether you're securing a glass, wooden, or metal door, this lock is designed for compatibility. Remote control via the Tuya Smart or Smart Life app ensures you can manage your door from anywhere, anytime.

- Compatible with various door types: glass, wood, steel, and more
- Control your lock remotely via the app
- Easy installation with detailed instructions

Experience the Future of Home Security

Upgrade your home with the Smart WiFi Keyless Entry Door Lock and enjoy the perfect blend of convenience and security. With its advanced features and user-friendly design, this lock is the ideal choice for anyone looking to modernize their home and enhance safety. Don't wait—secure your home today with this cutting-edge smart lock.
