

Solar-Powered Robotic Pool Skimmer Cleaner

Description

Effortless Pool Cleaning with Solar Power

Say goodbye to the hassle of manual pool cleaning with our Solar-Powered Robotic Pool Skimmer Cleaner. This innovative device is designed to keep your pool pristine and inviting, running entirely on solar power. Its high-capacity built-in lithium battery charges via a durable, corrosion-resistant solar panel, ensuring consistent and efficient operation.

Smart Auto Clean for a Sparkling Pool

Our robotic pool cleaner is equipped with smart auto clean technology, effortlessly removing various floating debris such as leaves, dust, pollen, and dead insects from your pool's surface. With ultrasonic radar sensors, the cleaner navigates around obstacles, ensuring comprehensive coverage and a thoroughly cleaned pool.

Large Easy-Clean Debris Basket

Maintaining your pool cleaner has never been easier. The large debris basket, featuring a handle and fine mesh filter, allows you to empty it without removing the cleaner from the water. Simply dock the cleaner, open the cover, and empty the basket—quick, simple, and efficient.

Reliable Performance in Freshwater and Saltwater Pools

Whether you have a freshwater or saltwater pool, our robotic cleaner delivers excellent performance in both. Its twin salt chlorine tolerant motors ensure optimal functionality and durability, making it a

versatile addition to any pool maintenance routine.

Durable and UV Resistant

Constructed with a UV-resistant body, this pool cleaner is designed to withstand the harsh effects of ultraviolet radiation from the sun. Its robust build ensures long-lasting performance, even in the sunniest conditions.

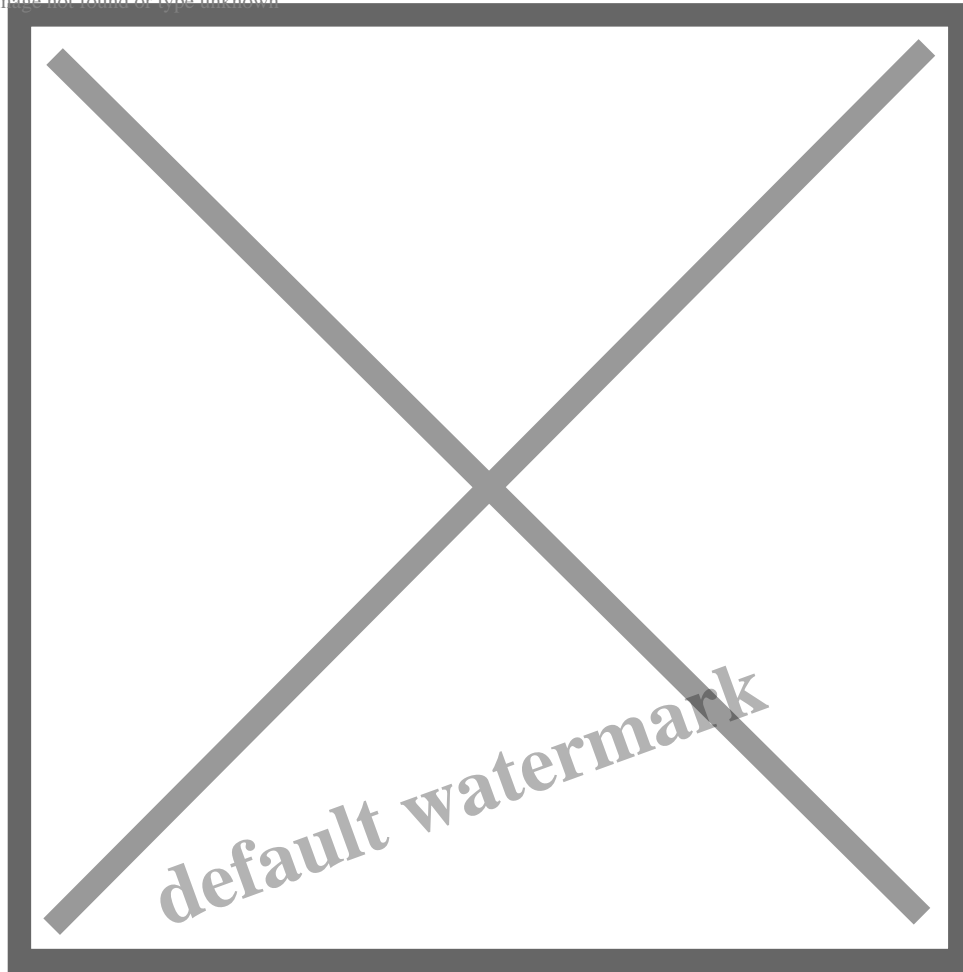

Cordless Convenience with Remote Control

Enjoy the freedom of a cordless pool cleaner with the added convenience of a remote control. Easily switch between automatic and remote control modes, allowing you to manage the cleaner's operations with ease. No more tangled cords—just effortless cleaning at your fingertips.

Product Benefits

- Solar-powered for eco-friendly operation
- Automatic cleaning of floating debris
- Large, easy-clean debris basket
- Works in both freshwater and saltwater pools
- Ultrasonic radar sensors for obstacle detection
- UV-resistant body for enhanced durability
- Cordless with convenient remote control
