

Spray Shelter for Furnishings & Craft Projects

Description

Paint Like a Pro – Anywhere, At Any Time

Change your area into a tidy, regulated spray zone with this ****Portable Paint Cubicle Camping Tent****. Whether you're refinishing furnishings, dealing with craft jobs, or using an expert surface to do it yourself develops, this large 10x7x6 feet camping tent produces the perfect environment for mess-free spraying. Developed for benefit, mobility, and efficiency, it's the must-have solution for hobbyists and professionals alike.

Setup is a breeze—simply unfold, mount the poles, and lay down a disposable film. When you're done, it folds neatly into the included storage bag, making it easy to take with you or store between uses. The upgraded size gives you 20% more working space than traditional spray tents, comfortably accommodating medium to large furniture pieces.

With reinforced stakes and ropes, this booth remains stable whether you're working on a driveway, garage, lawn, or even indoors. The enclosed design helps protect your freshly sprayed surfaces from dust, wind, and debris while also containing overspray to minimize mess. Whether you use a paint sprayer, airbrush, or aerosol cans, your workspace stays cleaner—and your results more professional.
