Advanced Touch Screen Capability

Stay connected without compromising on protection. Our gloves feature a special treatment on the fingertips, allowing all five fingers to seamlessly interact with touch screens. Enjoy sensitive touch feedback, enabling you to unlock your phone, answer calls, and use your devices with ease, even during intense activities.

Key Features

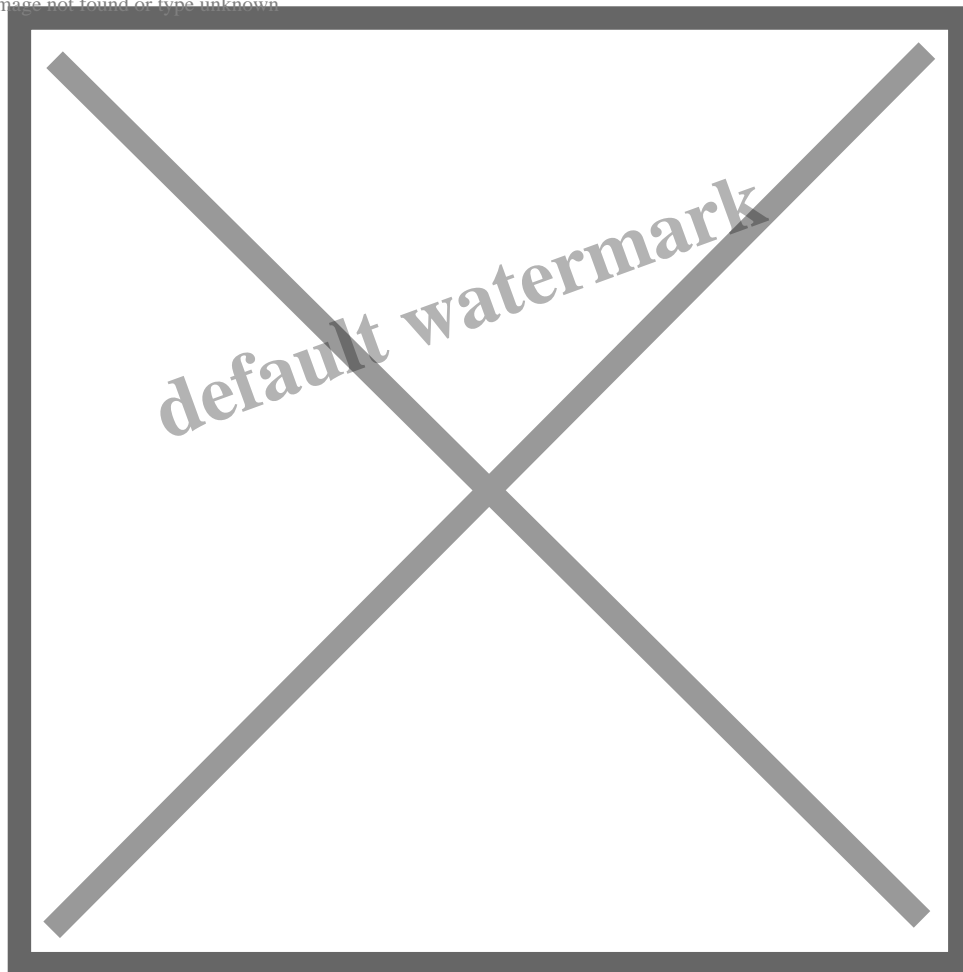

- **Impact Resistance:** The aggressive plastic hard protective cover minimizes impact and abrasion, protecting you from accidental injuries in outdoor sports.
- **Quick-Drying and Sweat-Wicking:** Large-area vents ensure excellent ventilation and heat dissipation, keeping your hands dry and cool.
- **Enhanced Durability:** Improved hook and loop closure increases the gloves' lifespan, providing a secure fit that won't loosen during use.
- **Adjustable Buckle:** Provides safety protection for your wrist, enhancing wearing comfort and preventing accidental slippage.
- **Palm Reinforcement:** Increases the wear resistance of the palm, offering better grip and control.

- **Ventilated Material:** Keeps your hands cool and minimizes moisture, making the gloves ideal for all weather conditions.
- **Nylon Hanging Ring:** Comes with a free carabiner for easy carrying and prevents loss.
