

Universal Travel Power Strip with Dual USB-C and USB-A Ports

Description

Overview

Experience the ultimate charging convenience with our Universal Travel Power Strip, designed to meet the diverse needs of modern travelers and tech enthusiasts. Whether you're at home or on the go, this versatile charger ensures your devices are powered up quickly and safely, thanks to its advanced charging technology and multi-port capability.

Key Features

This round PD socket charger is not just another charging accessory; it's a comprehensive power solution that blends functionality with smart technology. With dual USB and dual Type C ports, it allows simultaneous charging of multiple devices, ensuring you stay connected wherever you are. The integrated digital display keeps you informed of the charging status, adding a touch of tech-savvy sophistication to your charging routine.

Product Specifications

- Input Voltage: 110-220V, suitable for worldwide use
- Output: 5V, 2.4A for fast and efficient charging
- Number of Ports: Four (2 USB-A, 2 USB-C), catering to a variety of devices
- Extension Cable Length: 8 meters, providing ample reach
- Safety Features: Surge protector and overload protection to ensure device safety
- Plug Type: US standard, with international compatibility

When to Use This Product

Perfect for travelers, digital nomads, or anyone who uses multiple gadgets, this power strip is designed

to be lightweight and portable, easily fitting into your travel bag or suitcase. It's ideal for use in hotels, airports, cafes, or even at home, offering a reliable charging station for all your devices.

What Makes It Special

The unique combination of fast charging capabilities and multi-port design sets this charger apart from others. The latest USB chip technology ensures a safe charging process, protecting your devices from overcharging and electrical surges, while the compact, round design makes it a stylish addition to your tech gear.

Benefits

- Multi-device charging with four fast-charging ports
- Universal voltage compatibility for global use
- Enhanced safety features to protect your devices
- Portable and lightweight design for easy travel
- Digital display for real-time charging status

Why Choose Our Charger?

Don't let your charging needs tie you down. Opt for our Universal Travel Power Strip and enjoy the freedom to power up your life, wherever it takes you. Order now and experience the ultimate charging efficiency!
