

V3X Robot Vacuum and Mop Combo

Description

Revolutionize Your Home Cleaning

Upgrade your home cleaning routine with the V3X Robot Vacuum and Mop Combo. This advanced cleaning device offers powerful suction, efficient mopping, and smart connectivity, making it the ultimate solution for maintaining a spotless home. With a suction power of 3000Pa and a battery life of 120 minutes, it effortlessly handles dust, dirt, and pet hair, ensuring your floors are always immaculate. Compatible with Alexa, Google, and WiFi, the V3X makes cleaning your home easier and more convenient than ever before.

Powerful Cleaning Performance

Equipped with a robust 3000Pa suction power, the V3X Robot Vacuum effectively captures all types of debris, from fine dust to larger particles. It's especially ideal for pet owners, as it easily picks up pet hair and dander, leaving your floors clean and fresh. The combination of mopping and sweeping functions ensures a comprehensive clean, tackling both wet and dry messes with ease.

Smart Connectivity for Ultimate Convenience

The V3X Robot Vacuum and Mop Combo is designed for modern homes. With compatibility for Alexa and Google Assistant, you can control your vacuum with simple voice commands. The integrated WiFi feature allows you to schedule cleaning sessions, monitor cleaning status, and adjust settings remotely using your smartphone. This level of convenience means you can maintain a clean home without lifting a finger.

Long-Lasting Battery and Efficient Cleaning Route

Featuring a powerful 14.4V lithium-ion battery, the V3X provides up to 120 minutes of continuous

cleaning on a single charge. Its advanced navigation system plans an efficient cleaning route, ensuring every corner of your home is covered. The robot's compact design, measuring 13 x 13 x 3.1 inches, allows it to easily navigate under furniture and reach tight spaces.

Designed with user convenience in mind, the V3X Robot Vacuum includes a dust box with a capacity of less than 0.5 liters and a special cleaning brush nozzle for thorough cleaning. The dust box is easy to remove and empty, making maintenance a breeze. With its planned cleaning route and multiple operating modes, you can customize the cleaning experience to suit your home's needs.

Product Benefits

- 3000Pa powerful suction for thorough cleaning
